COMMENTS:

On March 6, 2003, Applicant's representative discussed the instant application with the Examiner, Mr. Toan M. Le. During that discussion, Applicant's representative pointed out to the Examiner that the cited reference, U.S. Patent No. 6,377,189 did not qualify as a prior art reference to this application. In particular, the '189 patent's issue date was April 23, 2002. Because the instant application was filed April 23, 2001, the '189 patent did not qualify as prior art under either § 102(a) or § 102(b). Although the '189 patent was filed on March 31, 1999, before the instant application's filing date, the '189 reference did not qualify as § 102(e) prior art because the '189 reference Applicant is the same Applicant in the instant application.

Examiner Le agreed with the Applicant's representative's statements, and agreed to withdraw the final rejection, and will issue a new, non-final rejection as it will be based on new grounds of rejection. Examiner Le asked Applicant's representative to fax in this "Request to Withdraw Final Office Action" and Applicant's representative has complied accordingly.

While no fees are believed to be due at this time, the undersigned representative requests any extension of time that may be deemed necessary to further the prosecution of this application.

The undersigned representative authorizes the Commissioner to charge any additional fees under 37 C.F.R. 1.16 or 1.17 that may be required, or credit any overpayment, to Deposit Account No. 01-2508, referencing Order No. 13526.0023.NPUS00.

In order to facilitate the resolution of any issues or questions presented by this paper, the Examiner should directly contact the undersigned by phone to further the discussion.

Respectfully submitted,
